HOPEFUL FAMILIES COLLECTION

www.hopefulmamafoundation.org

Hello There!

The Hopeful Mama Foundation was created from personal experience and a desire to support women facing infertility. Our mission is rooted in advocacy, education, and support, providing financial help, emotional care, and fertility education to turn hopeful dreams into reality.

The Hopeful Families Collection is an initiative by the Hopeful Mama Foundation to ensure all children see their family, or the families of others, reflected in the books they read. By placing inclusive titles in public and school libraries, the collection celebrates the many paths to parenthood, including IVF, adoption, surrogacy, and donor conception. It also supports families who want to raise empathetic, informed children.

With your support, we can expand this effort and help every child grow up with stories that affirm, educate, and inspire.

Help Us Grow

Launched by the Hopeful Mama Foundation, The Hopeful Families Collection initiative brings books into public and school libraries to celebrate the many ways families are created, including assisted reproductive technology, adoption, surrogacy, and donor conception, while helping all children learn that every family is built with love and hope.
